Team: Brady Auen, Nick Nocella, Peter Huynh
Title: Typespeed Java Game
Description: A game that tests your typing speed, type the words that appear as quickly as you can and see how high you can score
Platform/Environment: Eclipse w/ Java
Programming Languages:

Language	Brady Auen	Nick Nocella	Peter Huynh
Java	Intermediate	Intermediate	Intermediate

Might be more if a quality GUI requires it.

Functionality:
- High score list (written/read from .txt file possibly)
- Quality GUI that enhances the game
- Different difficulty levels
- Large quantity of available words that won't make game too repetitive
